Universal LED Dimmer Item NO.: D602E2

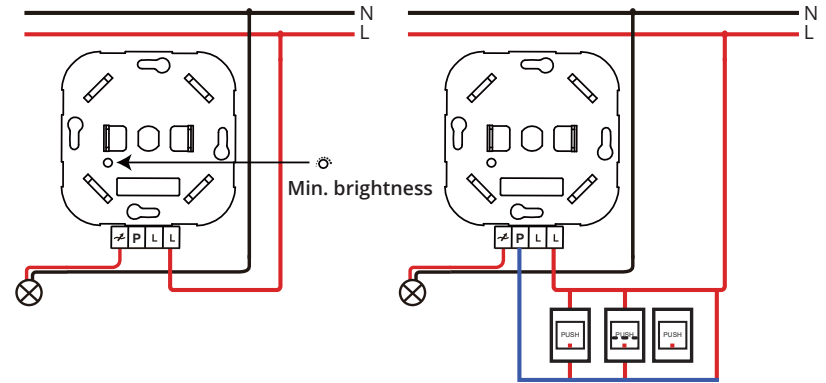

- ① Min. brightness adjustable
- ② Max. brightness self-adjust
- ③ Soft start protection
- ④ No neutral required
- ⑤ Turn-off memory
- ⑥ Recoverable type OT & OL protection

1. Technical Data

Model No.	D602E2	
Description	Universal LED Dimmer	
Input Voltage	220-240V	
Input frequency	50Hz	
Load	LED	5-300W
	Incandescent	10-300W
	Halogen	10-300W
Dimming mode	Trailing Edge	
Control Way	Multiway	
Material	Heatsink	Aluminum
	Bottom Case	PC
Color	White	
Weight(g)	47.1	
Operating temperature	-10℃ ~ +40℃	
Dimension(mm)	70*70*41.4mm
